

Slip Into The Good Life

At Constitution Marina

Welcome and thank you for coming!

Each season at Constitution Marina things look a little different than the season before. Could be all the development around the harbor or maybe it's just our ever improving marina.

We know after a long day of boating in Massachusetts Bay the last thing you want to think about is work. Let our experienced and knowledgeable staff take care of everything! We are on hand to assist you with docking, pumpout service, concierge advice, or if needed, aid in opening up your bottle of wine.

Located just outside our gate is Boston's Freedom Trail. This red brick path will lead you past historic sites and through the neighborhoods where America's great story first began.

Schedule time to dinghy through the Charles River locks and picnic along the banks of The Esplanade home to the Boston Pops.

Take a short walk across the Charlestown Bridge to Boston's North End. Here you will find some of the best Italian cuisine in New England. As you stroll at night through Boston's safest neighborhood, close your eyes and you'll believe you're walking through Italy.

Let us lend a hand. From calling a cab, to finding a great ethnic restaurant, or any of the other numerous events in and around the City, we'll be happy to help. We know you'll love Boston. We do.
